Dear Mr. Commissioner

to you, this will fill in the gaps and connect each of
the people in the list have to each other.

**A List Of Possible Names of People
involved is as follows: -**

Ex – Tasmanian Premier Ray Groom

Ex – Tasmanian Premier Tony Rundle

Ex – ASIO Director General David Sadleir

Ex – Senator Stephen Parry

Ex – DPP Commonwealth and Tasmania DPP
Damien Bugg QC

Johnson

Ex – Tasmanian Police Commissioner Richard
McCreadie

The Weak Link in the Port Arthur Massacre.....Proving Government Involvement in these attacks!

A few years after the Port Arthur Massacre in 1996, deep within ASIO it self certain people released names of ASIO people involved in these attacks to the Alternative Media in Australia and around the World.

- These names were Anthony Nightingale & Andrew B Mills confirmed ASIO Agents, also with along other names of people who were what we now call stand in crisis actors.

- Two more names were released Peter Hazelwood placed in The Premiers Media Section also Geoff Easton placed in Tasmania Police Media Section.

There job was to control the Mainstream Media in Australia and overseas that were here at the time and make sure they feed them the Official story about Martin Bryant being the lone crazy gunmen.

How do we know they were ASIO, you have to go back to the “Wood Royal Commission” it reports Peter Hazlewood as a person of interest in the case and connects him back to ASIO.

- 1) First person in the list, we will look at is Ex – ASIO Director General David Sadleir, please see the sheet enclosed on him and Dennis Richardson.

There is no way on God’s earth David Sadleir didn’t know anything, and that his people were asked to be used in these attacks, that direction and order had to come from The Director General himself!

Simply saying I didn’t know anything, I never got the phone call, email, memo is NOT good enough, he is The Director General he knows everything that goes on in his agency.

Guilty as Alleged! ---- Sit over there and wait for the Federal Police to come for you David!

- 2) The second person in the list we will look at is Ex - Tasmanian Premier Ray Groom & Ex – ASIO Director General David Sadleir and there connection together.

The common connection and link between these two is the placing of Peter Hazelwood within the Premiers Media Section to manage that and all statements made from the Premiers office to the Mainstream Media.

There is no way on God's earth Ray Groom didn't know that ASIO Director General was placing in his Media Section a ASIO agent to cover the above, again simply saying I didn't know, I never got the phone call, memo or email is not good enough, he is the Premier he knows everything that goes on in his Dept and Office plain and simple and to say other wise he is just lying.

Guilty as Alleged! ---- Sit over there and wait for the Federal Police to come for you Ray!

- 3) The third person in the list we will look at is Ex – Tasmanian Police Commissioner John Johnson & Ex – ASIO Director General David Sadleir and there connection together.

The common connection and link between these two is the placing of Geoff Easton in the Tasmania Police Media Section to manage all statements made by Police to the Mainstream Media.

There is no way on God's earth John Johnson didn't know ASIO Director General was placing in Tasmanian Police Media Section a ASIO agent to cover the above, again simply saying I didn't know, I never got the phone call, memo, email is not good enough, he is The Police Commissioner of Tasmania he knows everything that goes on his Dept and Office to say other wise he just plain out lying.

Guilty as Alleged! ---- Sit over there and wait for the Federal Police to come for you John!

Now we have 3 of the major big players in these "False Flag Terrorist Attack" which were carried out against the people of Tasmania, the visitors there at the time also the Australian people at large.

The rest is history the whole house of cards crumbles and falls over, now we just mop up and connect the dots together of what part the rest in the above list played and we have proven the case against all these people, that they all played a part in carrying off a "False Flag Attack".

- 4) The next person of interest is Ex- Senator Stephen Parry, he is a former Police Officer with Tasmania Police and worked for Nelson Brothers at the time please see enclosed the sheet on him.

Who gave him inside information to have all that material ready for an event which was about to take place and go down, Who from within Tasmania Police gave that information to him?

That proves prior knowledge plain and simple!

The Ex – Senator cant get out of it, to just say well ummm, arrrr, but etc shows he is covering up his inside contacts, and follow it through from there Who told him and then who told them and so forth and you will see it gets traced back right to the Commissioners Office itself or to either of those two ASIO agents placed in those Depts as above stated.

5) The last two people we will look at is Ex – DPP Commonwealth and Tasmania DPP Damien Bugg QC & Ex – SOG Tasmania Police Mike Dyson please see sheet enclosed about these two.

I have also added Mike Dyson Police Statement to look over these two we have fabricating evidence to be presented to Court, namely being presenting a False Police Statement with the Officer within lying his teeth off, and implicating himself as he was the person who planted all the guns and ammo in Martin Bryant place of resident.

I think after further investigation by your people and don't class me 100 % right but you will find all the weapons and ammo Dyson claims were found in Bryants house were actually owned by Glen Martin, David and Sally Martin son, It is hereby Alleged either Mike Dyson or somebody else from Tasmania Police transferred all Glen Martin weapons he stated he had in the house at Seascope Cottages and loaned them to Police to be planted in Martin Bryant House.

With any luck, unless Tasmania Police have removed all those weapons and ammo, from the evidence locker, Mike Dyson proclaims he found in Martin Bryant house, they should all be there still, test for finger prints against Glen Martin and his brother, also serial numbers on the guns to see who they are registered to and where they were brought from and you also have another bit of the puzzle solved in this case.

Well Mr. Commissioner that is all I have for you and can give you about the whole case, what you do with all this its up to you and your people there.

I have done all I can in this case to expose everything and some of the people involved right up to high up people.

I will be Officially closing this case file on The Port Arthur Massacre and sending all the information into the future, so if somebody doesn't open and look into this case now maybe somebody in the future who is honest will investigate everything.

Yours truly
Lloyd T Vance
